For the past 43 years, the Chaminade University Tax Foundation and Chaminade University of Honolulu have been bringing together business owners, financial officers, accountants and attorneys who specialize in financial matters to the Annual Hawai'i Tax Institute. Students and other community members are welcome, too.

The Hawai'i Tax Institute is a non-profit organization and is Hawai'i's most comprehensive training conference regarding new federal and state tax laws.

The Institute's annual conference helps tax practitioners keep abreast of the latest developments in tax matters and provides a forum where people can freely exchange ideas on practical tax-related issues.

This year's Institute will extensively explore the topics of Estate and Gift Tax Planning and Tax Planning for Real Estate, Businesses and Individuals.

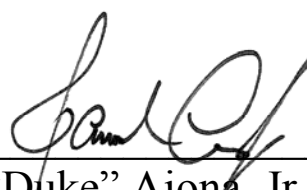

**THEREFORE, I, LINDA LINGLE, Governor of the State of Hawai'i, and I, JAMES R. "DUKE" AIONA, JR., Lieutenant Governor, do hereby proclaim October 29 through November 2, 2006, as**
